Goes Wherever Life Takes You

The BlueAnt T1 is the only Bluetooth headset with the design and technology to deliver quality audio communication in the most rugged conditions. With its Wind Armour Technology™, the T1 offers the industry's best wind noise reduction design allowing clear audio at wind speeds up to 22 mph.

Using Text-to-Speech (TTS) capability, combined with BlueAnt's industry-leading voice control technology, the T1 frees up the users hands to meet the challenges of any environment from working at the construction site, commuting on a city street or skiing in the mountains.
