STEREO HEADSETS

Motorola S9

Item # 82351ATT / Oracle # 71485

Features & Benefits:

- Behind-the-head wearing style offers comfort and stability
- Music automatically mutes or pauses when receiving a call
- Water and sweat resistant
- Up to 7 hours talk time, 6 hours play time, 5 hours standby

Pairing: Charge headset at least 2 hours prior to pairing. Press and hold power button until indicator light is solid blue. Headset is now in pairing mode. Refer to handset manual to activate handset's *Bluetooth* feature.

Sony DR-BT22

Item # 83504ATT / Oracle # 71697

Features & Benefits:

- Simple and lightweight design for easy portability
- Easy transfer between music and phone calls
- Convenient remote control for basic functions
- Compatible with A2DP, AVRCP, HFP, and HSP technologies

Pairing: Sony DR-BT22 must be within 3 feet of *Bluetooth* device. While headset is turned off, press and hold the power button for 7 seconds or more to place headset in pairing mode.

OTHER *BLUETOOTH*® ACCESSORIES

Altec Lansing T521 Stereo Bluetooth Portable Speaker

Item # 83498ATT / Oracle # 71706

Features & Benefits:

- Exceptional audio quality powerful enough to fill any room
- Built-in speakerphone for hands-free conversations
- Convenient two-way wireless remote control
- Sleek and compact design

Pairing: Press and hold the power button. Once you hear a pair of low/high tones release the power button. A blue light will flash intermittently at which time you should press and hold the phone button once you hear a low/high tone combination. Release the phone button and the light will alternately flash red and blue. The T521 is now in pairing mode.

Motorola T305 Wireless Speaker with EasyPair™

Item # 81587ATT / Oracle # 71487

Features & Benefits:

- Equipped with the latest echo and noise reduction technology
- Loud sound optimized for the vehicle with high output speaker
- One convenient multi-function button for multiple operations
- Hands-free in the car as well as the home/office
- Up to 9 hours talk time, 200 standby

Pairing: Power on car kit by pressing and holding the power button until indicator light becomes steadily lit in purple. Release button and indicator light will be steadily lit in blue to indicate car kit is in pairing mode.

Jabra A320s USB Adapter

Item # 82143ATT / Oracle # 71398

Features & Benefits:

- Transfer files and pictures
- Stream music wirelessly
- Connect your *Bluetooth* devices to your PC

Configuration: Before using the Jabra A320s, driver must be installed on PC. Once driver is installed, connect the A320s to an available USB port. PC will automatically detect the new device. Right-click the *Bluetooth* icon on the tool bar and follow steps on screen to begin connecting devices.

Motorola T501

Oracle # 71777

Features & Benefits:

- *Bluetooth* in-car speakerphone and digital FM transmitter
- "Station Finder" locates the best FM connection
- Audible caller ID announces the incoming phone number
- DSP noise reduction for clearer calls
- Works with XM Satellite Radio and AT&T Navigator from the handset
- Up to 20 hours talk time, 20 days standby

Pairing: Turn on T501 by pressing and holding the power button for approximately 3 seconds until the main indicator light flashes and you hear an audible tone sequence. The main indicator light will turn blue to indicate the T501 is in pairing mode. Turn on your phone's *Bluetooth* feature, search for new devices, and select the Motorola T501. If prompted, enter passkey "0000" (four zeros).
